

Invoice Mandatory Field Check

When this rule applies

Applies when any supplier invoice is received for processing.

Rule

Every invoice must contain:

- Invoice Number
- Vendor Name
- Invoice Date
- Invoice Amount
- GST Amount
- Vendor GSTIN
- Description of Goods/Services

Violation Condition

If any mandatory field is missing → invoice must be rejected immediately.

Severity

HIGH (Data completeness failure)

Example

Missing GSTIN or Invoice Number → Reject invoice

Purchase Order Requirement Rule

When this rule applies

Applies to all invoices being processed for payment approval.

Rule

A Purchase Order (PO) is mandatory if invoice amount exceeds ₹50,000.

Violation Condition

- Invoice amount > ₹50,000 AND PO is missing → Manual review required

Severity

MEDIUM to HIGH depending on vendor risk

Example

₹75,000 invoice without PO → flagged for review

Invoice Date Validation Rule

When this rule applies

Applies to all incoming invoices.

Rule

- Invoice date cannot be in the future
- Invoice older than 90 days requires Finance Manager approval

Violation Conditions

- Future date → invalid invoice
- Older than 90 days → approval required

Severity

- Future date → HIGH
- Old invoice → MEDIUM

Example

Invoice dated next month → fraud risk

Duplicate Invoice Detection Rule

When this rule applies

During invoice verification stage before approval.

Rule

Check if invoice already exists in system using:

- Invoice Number
- Vendor Name
- Invoice Date

Violation Condition

If all fields match an existing record → duplicate invoice

Action

Reject invoice immediately

Severity

HIGH (Fraud risk)

Example

Same invoice submitted twice by vendor → reject

Vendor Approval Rule

When this rule applies

During vendor verification stage.

Rule

Invoices can only be processed if vendor exists in Approved Vendor Database.

Violation Condition

Vendor not in approved list → invoice must be forwarded to Procurement

Severity

HIGH

Example

Unknown vendor invoice → procurement review required

GST Validation Rule

When this rule applies

During tax validation stage.

Rule

- GST amount must match applicable GST rate
- GSTIN must be present for taxable invoices

Violation Conditions

- Missing GSTIN → non-compliant
- GST mismatch → incorrect taxation

Severity

- Missing GSTIN → HIGH
- Mismatch → MEDIUM

Example

Invoice with GST but no GSTIN → invalid
